**INVITATION TO BID
FOR
PERSONAL COMPUTERS**

**ISSUED BY
STATE OF ALABAMA
DEPARTMENT OF FINANCE
INFORMATION SERVICES DIVISION**

SECTION I
PERSONAL COMPUTER
INVITATION TO BID
ADMINISTRATIVE AND CONTRACTUAL INFORMATION

I.1. **OBJECTIVE:** The purpose of this Invitation to Bid (ITB) of the State of Alabama, herein referred to as State, is to establish a contract to be used by State agencies, political subdivisions, and local government agencies to purchase commercial/enterprise personal computer systems as specified in the bid. The State has established a framework that will ensure that bidders will meet a baseline set of requirements: overall business and financial health, commitment to the State, service and support and quality assurance and testing. This framework is designed to ensure that bidders are best matched to meet specific requirements of the State and are strategic business partners. These contracts may not be used by K-12, colleges or universities.

I.2. **SURCHARGE:** The awarded BIDDER(S) shall pay each month to Finance-ISD a surcharge for all sales (whether paid or financed) made under this contract during the prior month. Said surcharge will be in the amount of 1% (0.01) of the total dollar amount for all sales, including those made to Finance-ISD. (Half the total surcharge collected will be distributed to State Purchasing) This surcharge will be used by Finance-ISD to partially recover the cost of preparing and administering this ITB and resulting contracts. The total surcharge will be paid to Finance-ISD each month before the 20th and will represent a single, one-time payment for all sales paid for in the prior month and as adjusted for error corrections associated with earlier months. This surcharge shall not be listed as a separate charge on the invoices sent to the purchasing entities. On or before the 20th day of each month, awarded BIDDERS also will be required to provide Finance-ISD with a summary report listing sales paid under this contract during the prior calendar month to include purchasing entity, sales amount, and surcharge amount to be paid to Finance-ISD. This report shall be sent electronically (no hard copy required or permitted) to: telecom.admin@isd.alabama.gov. Failure to comply with provisions of this paragraph will be grounds for the State's termination of the contract with the awarded BIDDER.

Remittance instructions will be provided at the time of award.

I.3. **CONTRACT PERIOD:** A 12-month contract will be established for the awarded Vendor to begin on the date of award with an option to renew for up to four (4) additional 12-month contract periods, commencing after expiration of the previous 12 month contract period, or extend the existing contract until such time that a new contract can be bid and awarded. Any additional contract or extension will be at the same or lesser prices, with the same terms and conditions. Any successive contract must have the written approval of both the State and the awarded Vendor no later than 30 days prior to the expiration of the original contract.

I.4. **VENDOR ELIGIBILITY:** The equipment manufacturer may bid direct or through a reseller. A reseller who responds must include a copy of their license and a signed statement from the equipment manufacturer that they are a current reseller in good standing and are authorized to resell on a large volume state government contract.

The following are minimum requirements that must be met by equipment manufacturer. Bidder must include documentation substantiating these requirements.

1. Equipment manufacturer must have shipped a minimum of 5,000 commercial/enterprise personal computer systems within the U.S. annually for the past two years.

2. Equipment manufacturer must have a history of profitability and market share growth.
3. The computer equipment manufacturer must have current certifications in the ISO 9000 family.
4. Equipment must have Federal Communications Commission type acceptance.
5. Equipment must have current certifications from Microsoft.

I.5. RESPONSE SUBMISSIONS AND BID FORMAT:

1. The bidder must submit a minimum of three (3) copies (one original and two copies) of the bid response.
2. The bidder must acknowledge compliance with all bid requirements by section
3. The bid must contain a comprehensive description, by requirement, of how the bidder meets the requirements of the ITB Bid must be in the same format and sequence as presented in this ITB.
4. All bids shall follow the same numbering and ordering scheme as this ITB. Responses to each paragraph and sub-paragraph must match this document. Bids that do not follow this format will be rejected.
5. A bidder may not submit their own contract terms and conditions in a response to this ITB. If a bid contains supplemental terms and conditions, the State, at its sole discretion, may determine the bid to be a non-responsive counter-offer, and the bid may be rejected.

I.6. SECURITY STATEMENT: The bidder must ensure that personnel involved with any State agency project shall be advised of and acknowledge in their bid response the confidential nature of information contained in State files as well as the safeguards required and criminal and civil sanctions due to non-compliance with federal and State statutes.

I.7. INQUIRIES: Any questions that arise concerning technical specifications must be submitted in writing to:

Rick Boyce
Information Services Division
Email: rick.boyce@isd.alabama.gov

Procedural questions and copies of all questions must be directed to:
Jaeri Ellis, Buyer
Division of Purchasing
Email: Jaeri.Ellis@purchasing.alabama.gov

From the date of issuance of this ITB, until the award is made and announced, all questions concerning this ITB shall be directed to the points of contact listed above. It is not permissible for any Bidder, or any entity working on behalf of a Bidder, to solicit information regarding this ITB from any government source (federal or State) other than from the official points of contact listed above. Specification questions must be submitted in writing no later than June 14, 2010 at 5:00 PM central time. Any unauthorized solicitations for information that are reported are grounds for disqualification of the Vendor's bid.

I.8. REFERENCES: The bidder must provide a minimum of five (5) government accounts (state, county, city or other municipality) within the United States who currently purchase or have purchased in the past three years, 200 or more computers listed in two or more of the seven categories in this ITB. The State of Alabama, Department of Finance may not be used as a reference. Include account name, address, contact person, telephone number and an E-mail address if available. ISD will contact all references for the highest rank bidder. Consistent negative reference responses or scoring less than 80 per cent on the interview process is grounds to disqualify the bid. .

I.9. **INSTALLATION:** The Vendor/manufacturer must install all internal options or accessories placed on the purchase order with any personal computer system. Installation may include the set-up of PCs (including the removal of all debris) and/or loading of customized software/images provided by the purchasing State entity, if desired by such State entity. Pricing for this service must be included in the bid response.

I.10. **CONTRACT(S) PUBLICATION:** Awarded Vendors must provide and maintain a secure internet website dedicated to the State containing a complete product offering of only the awarded products with contract pricing within 30 days after contract award. Vendor must establish an Account Management Team dedicated to the State with contact names, an 800 phone number, E-mail and fax number. The team must be accessible to provide quotes and answer procurement/ordering questions 8 am – 5 pm CT M-F. The Website, 800 phone number, fax and E-mail must be operational and accessible for State business during stated hours of operation. Written complaints to ISD and State Purchasing by user agencies that Vendor is non-responsive could result in cancellation of contract. Vendor must update website in a timely manner so the agencies may benefit from reduced prices and substitutions required for any discontinued equipment.

I.11. **PRICE DECREASES:** Pricing is to remain firm, except for pricing decreases, for the term of the contract and any subsequent renewals. The State shall receive the benefit of any price decreases as soon as possible.

I.12. **EQUIPMENT TESTING:** Prior to contract award, and anytime afterward, the State reserves the right to benchmark any product included in bid response. The bidder must furnish within ten (10) working days from the date of the request the product(s) as configured and specified by the State. Bidder must provide the product(s) at a site designated by the State for a period of not less than two (2) weeks.

I.13. **SUBSTITUTIONS:** Substitutions of discontinued product(s) will be allowed whenever the product(s) being replaced is/are no longer in production and the new product(s) is/are equal to or greater than the current bid specifications, and equal to or less than in price. Awarded Vendor must notify the State in writing of any discontinuance of products as early as possible. The State will determine the equivalency. Changes to the contract will not be made during the last thirty days of the contract period. Prior to publishing, the awarded Vendor must obtain the approval of the Division of Purchasing and ISD on the requested changes. Submit any requested changes in writing by fax or e-mail to State Purchasing; Attention Jaeri Ellis.

I.14. **PRODUCT OFFERINGS:** If a promotional package of contract items is offered, the awarded Vendor must immediately present it to the State for consideration. Product promotional packages may be considered if the package contains items only on State contract and are offered at a reduced price. The State will not file for rebate(s); therefore, the Vendor must offer and bill the State at the new discounted price of the applicable offering. Volume discounts will be allowed with the provision that any purchasing entity that purchases the equivalent volume be offered the same rate of discount.

I.15. **UPDATING CATALOG:** The awarded vendor may request changes to the options and accessories catalog by submitting the requested changes in writing by fax or e-mail to State Purchasing; Attention: Jaeri Ellis. All changes to options and accessories catalog must be approved by ISD and the Division of Purchasing prior to be offered or published.

I.16. **TECHNICAL DOCUMENTATION/LITERATURE:** The Bidder must attach complete technical documentation/literature supporting the specifications of the configuration being bid. Without this supporting documentation/literature the bid will be disqualified. Reference to technical documentation/literature on manufacturer's website, or submitted with a previous bid will not satisfy this requirement.

I.17. ADDITIONAL INFORMATION: Any additional information requested from a bidder must be furnished within five (5) working days after request is submitted by E-mail or fax.

I.18. CONFLICT OF INTEREST AND BID RESTRICTIONS:

I.18.1. REQUIRED ALABAMA DISCLOSURE STATEMENT: Act 2001-955 requires the winning Vendor to submit an Alabama Disclosure Statement within ten days of contract award. Vendors may go to the site below to download a copy of the Alabama Disclosure Statement:

http://www.ago.state.al.us/ag_items.cfm?Item=70

I.18.2. ITB AMENDMENT AND CANCELLATION: The State reserves the unilateral right to amend this ITB in writing at any time. The State also reserves the right to cancel or reissue the ITB at its sole discretion. Any changes or modifications to this ITB will be made by a written addendum issued by the Department of Finance's Division of Purchasing. Vendors shall respond to the final written ITB and any exhibits, attachments, and amendments.

SECTION II

AWARD, SUPPORT AND FINANCIAL INFORMATION

II.1. AWARD: Award will be made based upon a weighted scoring reflecting all seven equipment categories: Mini-Notebook, Ultra-Mobile Notebook, Travel Notebook, Desktop Replacement Notebook, Basic Desktop, Advanced Desktop, and Professional Desktop. A vendor must bid a price for all seven categories and all required options. Failure to offer a bid for each of the seven categories and/or all of the required options will result in an automatic disqualification.

II.1.1 Scoring Criteria –The raw score will be computed by multiplying the bid amount for each category/required option configuration by a weighting factor established by ISD for each of the category. The composite score is computed by adding all of the weighted scores for each proposer for all categories. The vendor with the lowest composite score will have references interviewed using a structure interview. The category/required options that will be weighted and used to evaluate the bid are shown below:

Category	Required Options	Weight
Mini- Notebook	Basic	
Ultra Mobile Notebook	Basic	
Travel Notebook	Basic	
Desktop Replacement Notebook	Dual Monitor Ready	
Desktop Basic	Mini-tower	
Advance Desktop	Mini-tower, dual monitor capable	
Professional Desktop	Mini-tower dual monitor ready	
Total Weight		100

II.1.2 Weighting Factor. On the day of the bid opening, immediately prior to the bid opening, the weighting factor will be made public, and copies will be available or vendors may request a copy from the contacts shown in paragraph I.7

II 1.3 References will be contacted using a structured interview for the bidder with the highest Composite score. The responses to each interview will be computed, and an average interview score computed.

II.1.4 Bid Evaluation – Responsible bidder with the lowest COMPOSITE SCORE that otherwise meets all the specifications and requirements of this ITB and has an average interview score of 80% will be awarded the bid. If any of the listed specifications have been discontinued since bid preparation, a Vendor should notify (email) the contacts as shown in paragraph I.7., as soon as possible for an addendum to be issued before bid opening.

II.2. DELIVERY TERMS: Awarded Vendor must deliver all purchase order items within 30 calendar days after receipt of order (ARO).
